6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7) **All framed items are shipped at the purchaser's risk.**

8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer

20) In the event of dispute, the auctioneer's decision is final.

21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) **All material in this catalogue is unconditionally guaranteed to be genuine.**

28) No lots may be returned by floor bidders except for non-authenticity.

29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.

30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

Estimates

In the preceeding years of Memphis public auctions our estimates were generally expressed in this manner - ($1,000-Up). The hobby was relatively young in America and as new collectors came into the market place, prices constantly changed, generally upward. Many pieces came up for auction for the first time, and there was no way to know just how much they might realize. We now have ten years of public stock and bond auctions behind us, and we have developed a data base of prices realized based on thousands of examples. Armed with that knowledge, estimates throughout most of this Memphis International Auction are done as ranges, such as ($1,000-1,250), ($1,000-1,500), or ($1,000-1,750). **These estimates represent our conservative opinion as to what we feel a lot may realize, and we believe that most lots in the sale will bring prices well within the estimate ranges.** Market conditions beyond our knowledge may cause some lots to sell for less than the low estimates, or more than the high estimates.

Why are some ranges narrow ($1,000-1,250), and some ranges wide ($1,000-1,500)? This depends, to some extent, upon our prior experience with a particular lot. For example, if an item has sold in the last three Strasburg sales and established a price level, then the estimate given will be a narrow range. If the item has never been seen before we establish the estimates based mainly on our own experience, and we feel a wide estimate range is appropriate.

Reserves

Where non-published reserves exist, the auctioneer may make bids in response to others. **Consignors are not permitted to bid on their own lots from the floor.** R. M. Smythe & Co., Inc has advanced money (where requested) to consignors. R. M. Smythe & Co., Inc. reserves the right to include our own material in this auction as well as to bid on any item in this sale.

How To Get the Best Results When Bidding in a Mail Bid Sale

Bidding in mail bid auctions can sometimes be a real challenge, but mail bid auctions are real opportunities for collectors to acquire items that may be hard to obtain any other way. Experience has taught us ways to minimize frustrations, and maximize results, and we would like to share some of those ideas with you. Here are the questions we are asked most often and some of the suggestions we have made to bidders. We think they will save you time, money and help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't be there, here is how we can help you get a better idea of what you are bidding on:

1) **Call us, and we will be happy to have one of our experts describe any lot you ask about.**
2) **We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge.**
3) **If you have established credit with us we may be able to ship lots to you for direct viewing.**

Please realize that requests for phone assistance, for copies or for shipping lots directly to you **must be arranged well in advance of the closing date of the sale.**

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called **a "limit" bid sheet.** Let's look at an example. Mr. Smith collects Confederate notes and he sees that there are over thirty lots he would like to buy. His budget is $1,000, but the estimates on the thirty lots he likes add up to well over $5,000. If he bids on all thirty he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a $100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. **He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet.** Here is how it works.

Mr. Jones has the same collecting interests as Mr. Smith. He has the same $1,000 budget. Mr. Jones bids on **all thirty lots** he is interested in. He writes at the bottom of his bid sheet **"Please limit my total bids to $1,000."** Every time Mr. Jones wins a lot we keep track of his total spending. When the total reaches $1,000 we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

There is a special advantage to limit bidding in a mail bid sale - the bids can be listed in order of your preference. List the lots you want most first.

"I see that there are two similar lots in the sale. I want only one of them, not both of them."

This problem can be solved with an **"OR"** bid. Let's assume that Lot #101 and Lot #102 are identical. You wish to bid $200 on either one, but you don't want both. Write the following on your bid sheet and you can accomplish your goal:

"#101 OR #102 at $200"

If you win Lot #101 we will cancel your bid on #102.

"What if there are three similar lots and I only want one?"

"#101 OR #102 OR #103 at $200" will work perfectly.

"When I don't win a lot I often seem to loose it by just a few dollars. It almost looks as if someone knows what I am bidding and they bid a little more. What is going on?"

Every auction house has its own way of closing a mail bid sale. Some houses will tell bidders exactly how much the highest bid is at any given moment right up until the end of the sale. We feel this is unfair, because anyone who is able to get through by phone near the end of the sale can top anyone else. If auctions are closed in this manner clients who are "friends of the house" have a distinct advantage and can top other bidders at the end. Those who bid early are at a disadvantage. To eliminate this problem **we don't give out information on what the highest bid is.** We advise bidders to bid exactly as much as they are willing to spend on a lot, and where possible, if they win a lot we reduce their bids to an increment just above the next highest bidder (there are exceptions - please see the Terms of Sale).

We think this method is fair to everyone involved, but it does result in bidders sometimes losing lots by $1, or $5 at times. If Mr. Jones bids $100 on an item and Mr. Smith bids $101, we have no choice but to award the lot to Mr. Smith for $101.

"I bid $30 on a lot that was estimated at $100 and I didn't get the lot. Later, when I got the Prices Realized the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 50% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.

We hope these questions and answers have been helpful, and if you have any comments, suggestions, or further questions concerning R. M. Smythe auctions, please feel free to call us at 800-622-1880, or 212-943-1880.

The Twenty-Second Annual Memphis International Paper Money Show
Mail Bid Only Sale #178
Closes July 9, 1998 - 12:00 Noon

Automobiles

5001 **Amalgamated Motors** (DE) 1924. **19 shs,** full blue underprint. **VF+.*** ***($100-150)***

5002 **Apperson Bros. Automobile** (IN) 1922. **$500.** First Mortgage 7% Gold Bond, Cb, br. Logo. ABN. **VF.** ***($150-250)***

One of ten known, and not in *Falater.* This company was formally established in November 1901. The most famous of the early Appersons was the Jack Rabbit, which was introduced in 1907 as a racy runabout with a round gas tank on the rear deck and a guaranteed top speed of 75 Mph.

5003 **Auburn Automobile** (IN). Specimen, green. Four-door touring car flanked by semi-nude woman and man. ABN. **EF.** ***($250-350)***

Auburn was started in 1900 by the Eckhart brothers. In 1919 William Wrigley, Jr., the chewing gum king, bought a controlling interest. Due to the post war recession, sales languished until 1924, when Errett Lobban Cord acquired interest in the firm. He jazzed up the styling and increased the horsepower, and the cars began to sell. Auburn speedsters competed against Stutz, but sold for much less. Cord acquired Duesenberg, Lexington and Lycoming, and combined his companies into the Cord Corporation. The Crash of 1919 and subsequent Depression proved to be too much, and the company failed in 1936.

First American Car of More Than A Single Cylinder

5004 **Autocar** (PA). Specimen, gr. Side view of farm truck with driver. SBN. **VF+.** ***($200-300)***

First organized as the Pittsburgh Motor Vehicle in 1897, the company moved to Ardmore that year and the name was changed. 1902 saw the introduction of a two cylinder model generally believed to be the first American car of more than a single cylinder.

5005 **Bailey Flyer Auto Cycle** (SD) 1917. **3000 shs,** gr with full green under print and seal. Eagle clutches shield. **VF+.*** ***($150-250)***

5006 **Cannon Ball Motor** (NM) 1918. *Texico, New Mexico.* **25 shs,** green. Eagle atop dome, ships in distance. Gold embossed seal, **VF.** ***($250-350)***
Nicest of only two known; not in *Falater.* "6-6-, Star of the Highway" was the slogan. "Quick Prosperity" was promised to investors. A surviving brochure indicates the Cannon Ball was a 1921 model.

5007 **Columbia Motors** (MI) 1923. **100 shs,** br. Company logo "COLUMBIA SIX" flanked by allegorical women. RBN. **EF.*** *(np)* ***($100-150)***
The Columbia Six was one of the first cars to feature an automatic radiator thermostat. Production climbed close to six thousand units in 1923.

5008 **Detroit Air Cooled Car** (DE) 1923. **10-1/2 shs,** brown. **VF+.** *(np)* ***($250-350)***
Not in *Falater.* Company produced an automobile from 1922-1923, which was marketed by its initials D.A.C. The company was organized by W.J. Doughty, formerly of Hupp.

5009 **Durant Motors** (DE) 1923. **10 shs,** br. "D" logo flanked by angels. ABN. **VF+.*** *(np)* ***($75-125)***
Having founded General Motors and lost it twice, this was to be William Crapo Durant's second empire.

5010 **Eagle-Macomber Motor Car** (DE) 1917. **100 shs,** gr. Eagle perched on top of a globe bearing "THE MOTOR THAT SPEEDS THE EAGLE". **VF+.*.** ***($150-225)***
Thirty five of these rotary engine autos were sold from 1914 to 1918.

5011 **Fageol Motors Company of Ohio** (OH) 1925. **25 shs,** gr. Eagle with outstretched wings. RBN. **VF+.** *(np)* ***($100-150)***

5012 **Falls Motors** (VA) 1921. **20 shs,** br. WBN. **VF+.*** ***($150-225)***
Organized in Sheboygan Falls, Wisconsin, the firm first supplied engines to a number of assembled cars including the Dort, Grant, Elgin, Courier and others. By 1921 Falls had modified an Elgin roadster chassis into a roadster of which three examples were built.

5013 **Fox Motor Car** (DE) 1921. **2 1/2 shs,** Class A, br. Ornate border around title. Signed by **Ansley H. Fox**, inventor of the Fox shotgun during WWI. EAW. **VF+.*** ***($200-300)***
Active between 1919-1923, the company was founded by Ansley H. Fox, who left his gun-making company to engage in the automobile business. Fox cars were air cooled, handsome, with luxurious appointments. Although Fox automobiles created quite a stir in automobile show circuits across the country, its "impaired finances" prevented it from continuing production. This is one of only four certificates known to us.

5014 **Fox Motor Car** (DE) 1921. **5 shs,** Preferred, or. Similar to above. EAW. **VF+.*** *(np)* ***($150-225)***

At the turn-of-the-century, steam-powered, gas-powered and electric-powered automobiles competed with each other for market share. The major obstacle the electric car faced was the size and weight of the batteries, still a problem today.

5020 **Maxwell Motor.** Specimen, br. Allegorical males flank title. ABN. **EF.** ***($300-400)***

Active between 1905-1925, the Maxwell enjoyed tremendous success and popularity during its heyday. It was third behind Ford and Buick, and was poised to take the lead. Disagreements arose among the company's three major players, (Ben Briscoe, Jonathan Maxwell and Cadwaller Kelsey) and as a result only Maxwell remained to run the company. In 1922, the industry wizard, Walter P. Chrysler, joined the company and became its president two years later. He improved the Maxwells and produced new models. He introduced his new Chrysler in early 1925, and shortly thereafter the Chrysler Corporation was reborn. The rest is history.

5021 **Moon Motor Car** (DE) 1930. **50 shs,** gr. Allegorical female holds "MOON" sign. HBN. **VF.*** ***($200-300)***

While Moon was an "assembled" car, it was a well built automobile with many advance features for its day. These included detachable wheels, balloon tires, Lockheed hydraulic, and a distinctive Rolls-Royce-like radiator. In 1925 their new model, the Diana, had some design bugs that resulted in bad publicity. That, combined with the stock market crash, led to the end of Moon.

Please note that a 10% buyer's premium will be added to each lot purchased.

5022 **Pan Motor** (DE) 1919. **10 shs,** gr. Open touring car. Pandolfo hood ornament, PAN hubcap. Goodspeed to an unofficial world's stock chassis record of 105.08 Mph at Daytona Beach. Mary Pickford and Buster Keaton popularized Roamers, but there were not enough other purchasers to allow the car to survive.

5032 **Westcott Motor Car** (OH) 1920. Preferred. **5 shs,** gr. Torch. **VF.*** *(np)* ***($150-225)***

In 1911 a Westcott was entered into the Indianapolis 500, driven by Harry Knight. At the halfway mark the Westcott was "running like a watch and up with the leaders"; suddenly in front of the grandstand an opponent's car careened into the retaining wall, throwing its mechanic off the car and into the path of the Westcott. Knight purposely crashed his car to avoid hitting him, and became the hero of the day.

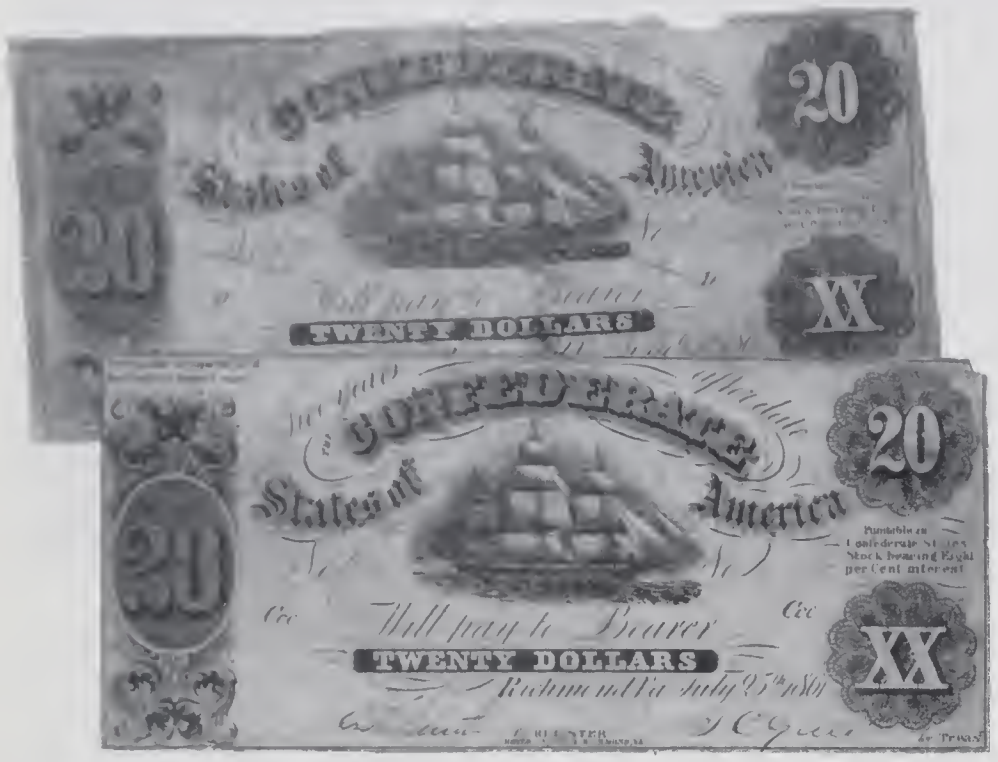
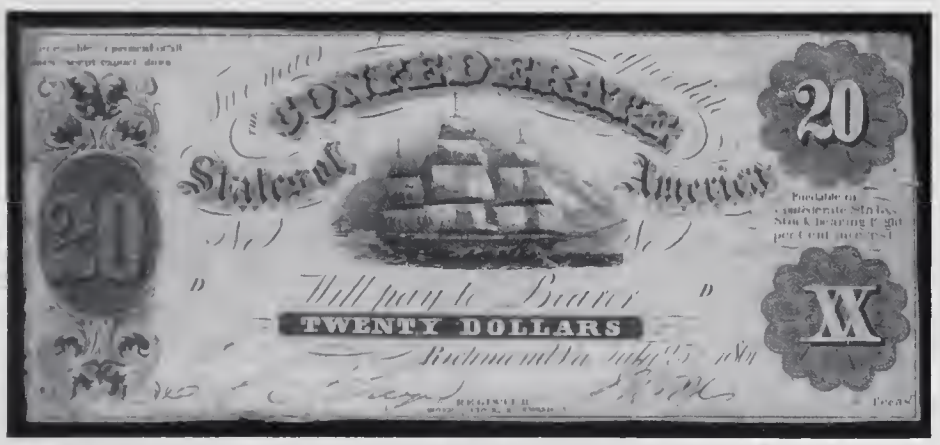
Unlisted Counterfeit Notes



5400 **A First Counterfeit Note Group.** [2] ***($150-300)***

1) **$20.** T-9. (Cr.29B). No.5199. Signatures do not match the Thian Register, which reports that Ellett and Goodloe signed the note of this number, not Gale et al, Gale not signing any notes until 1862. **VG,** a small piece off the upper right corner tip. 2) **$20.** T-9. (Cr.32). No.77127. This note purports to be signed by Payne and Hill, who did sign notes of this variety, and the notes with this number (Payne and Miller in fact signed the real notes). This note is pen cancelled and marked "Counterfeit". This note would be **VG,** but there is a piece out of the top edge and out of the right bottom edge. **Criswell lists no counterfeits of this Type so these are a great opportunity for the counterfeit collector.**



5401 **$20.** T-9. (Cr.31). No.23561, badly faded. Both the Thayer and Ott signatures are clearly forged, but plausibly so. **Fine,** with petty pieces out of the top corner tips and a half dozen other chinks. ***($175-350)***

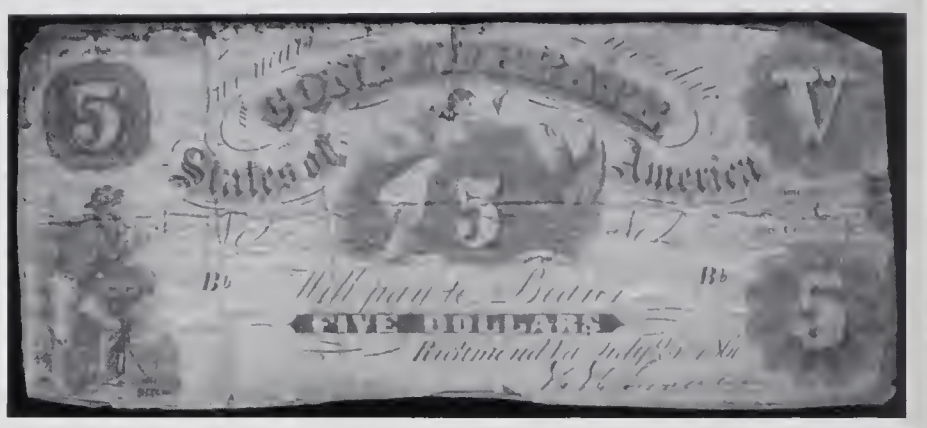
A fascinating note, being done in intaglio printing and not lithography. **So far as is known to us, unique.**

5402 **$10.** A. T-10. (Cr.36). No.38628. Thick paper (and rarer thus). **Fine, plus,** intact borders. There are back ink smears. ***($175-350)***

5403 **$10.** T-10. (Cr.37). Thin paper. No.94493. **Fine, plus,** trimmed right down to the borders. ***($150-300)***

5404 **A Variety Group of Type 10 Bills.** [5] ***($340-675)***

1) **$10.** (Cr.34A). Thick paper. No.31541. **Good-VG,** piece gone at the bottom, three long strip repairs on the back, stained on face at right top. 2) **$10.** (Cr.35A). Thin paper. No.69166. **VG-Fine,** CC, edge aging, back stains. 3) **$10.** (Cr.36). Thin paper. **VG, plus,** aging, two ink holes and a broken off upper right corner tip. 4) **$10.** (Cr.36A). Thin paper. **Fine, plus,** borders almost intact. 5) **$10.** (Cr.37). Thin paper. No.66028. **Fine,** borders complete.



5405 **A Low Grade Variety Group of Type 11 Bills.** [2] ***($200-400)***

1) **$5.** (Cr.42). No.23297. **Poor,** a piece cut off the left side, the top right corner missing well into the corner denomination medallion. Backed on card with glue stains. 2) **$5.** (Cr.45). No. 40341. Error: "ies" at end of the top left text line that should end at "all". **Quite Rare,** there being seventeen positions for the sheet of these notes, of which this was position 17. Since Ludwig used a standard format for this issue, in which the terms were in the same position on each plate, there must have been an error made and the first text almost completely erased before the new terms were placed on the plate, leaving the "ies" remnant. This note is **Abt Good,** splits, backed, glue stained, two pieces including the top corner missing at the right.

This is the discovery note for this variety.

5406 **May 16, 1861 Act Type Note Group.** [3] ***($175-350)***

1) **$50.** T-8. (Cr.15). No.28166. **VF,** or so, the top border is heavily trimmed and there are four brown paper strips scattered around the back. The pencil notations are in the hand of Phillip H. Chase, the early collector and author. 2) **$20.** T-9. (Cr.26). No.6963. Round blue seal with script letters over right series letters. **F-VF,** border shaved at center top. 3) **$10.** T-10. (Cr.37). Thin paper. **VG,** aging, tape at the lower right, a replaced piece taped onto the left top corner.

5407 **A Further May 16, 1861 Act Partial Type Note Group.** [3] ***($175-350)***

1) **$50.** T-8. (Cr.20). No.23538. **Unc,** teller handling. The note has been cut in half and taped back together deftly. This may well be one of the "Widow" notes. The wife of a numismatist, who had been left at home, while her husband went to shows, got her revenge on his collection after his death by cutting all the notes in half and throwing the pieces into a trash can. It was only immediately after doing so that she discovered to her horror that much of her husband's estate was comprised of the notes which she had just mutilated. 2) **$20.** T-9. (Cr.32). **VF-EF,** a center fold, side fold and a top edge fold. 3) **$10.** T-10. (Cr.36). No.68248. **VG,** complete borders, two 5mm holes in the body.

5415 $100 T-13 Cr.55 and 56 Made to Order Forgeries. [5] *($175-350)*

This group consists of plates GA, JA, LA, MA, and AL. Nos. 5242, 12387, 9610, 9646, 1753. **VF, F, VF, VF, F,** edge trimming and right side backed in a damaged area. One would have thought that after Bradbeer, such fakes were no longer being produced. But it seems otherwise. The basic notes are all Cr.50 pieces, to which the letters have been added. The Thian book proves this connection and the falsity of the notes for what they purport to be. In addition the letters are printed too lightly and you may compare some of them with those notes in the preceding lot to see that they do not even seek to copy the originals in size of the letters or their placement.

5416 First Sheets $50 Type 14 Note Group. [5] *($125-250)*

This group consists of Cr.59 to 63. The first has "J.J.W. November, 1861" on the back in blue. This may be a forgery, as it is peculiarly sharp. Nos. 2421, 2064, 4796, 910, 1288. The notes grade **VF, VG,** CC: **F-VF, VF, F,** CC.

Unlisted Paper

5636 **$50.** T-50. WA. No.2800. CSA Block letters watermark. **AU,** CC, paper has a green tint from being printed from an overheated plate. *($375-750)*
Should be listed as a Cr.350A. This paper was quite rare at this time and appears on only a few notes of this type, divided among the several possible varieties.

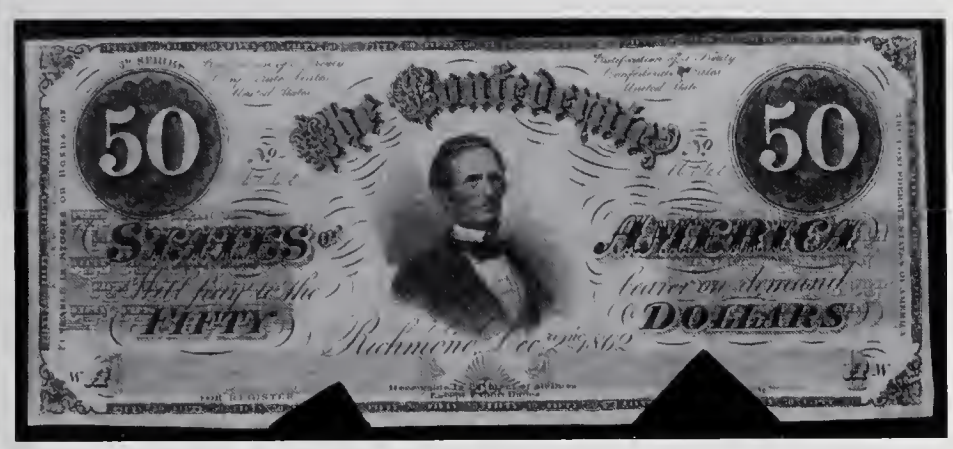
5637 **$50.** T-50. WA. No.35867. **VG-Fine,** a couple of corrosion holes at the left and with two shaved borders. There are corner mounting stains. ***($150-300)***



5638 **$50.** T-50. Cr.361A. WA. No.16060. **Error;** "Ratification of a Treaty/Confederate States/United States" on both sides at the top. **VF-EF,** COC at the bottom, an ink stain top right. ***($175-350)***

By a strange coincidence, this rare error only appears on paper watermarked with the rare CSA in block letters.

5639 **$50.** T-50. Cr.361A. WA. No.9253. **Error:** Double "Ratification..." counters at the top. **VF,** POC, right of center. Trimmed close at the left. ***($150-300)***

A decent consolation note in lieu of the preceding.

5640 **$50.** T-50. Cr.362. ZA. No. 78687. **AU,** a light center fold. Trimmed close to the borders. ***($350-700)***

5641 **$50.** T-50. Cr.353. ZA. No.10374. **VF, plus,** CC, shaved border at the left, looks almost new on the face. ***($150-300)***

5642 **$50.** T-50. Cr.362. ZA. No.64833. **VF, plus,** well margined, except at the trimmed bottom. Looks new on the face. ***($150-300)***

5643 **Variety Group of $50 Type 50 Notes.** [3] ***($300-600)***

1) Cr.354. WA. No.4021. Just a small part of the watermark can be seen at the bottom. **F-VF.** 2) Cr.355. XA. No.78080. **Fine, plus,** looks far better on the face. 3) Cr.360. WA. No.40509. **F-VF.**

5644 **$20 T-51 Cr.363 Variety Notes.** [5] ***($200-400)***

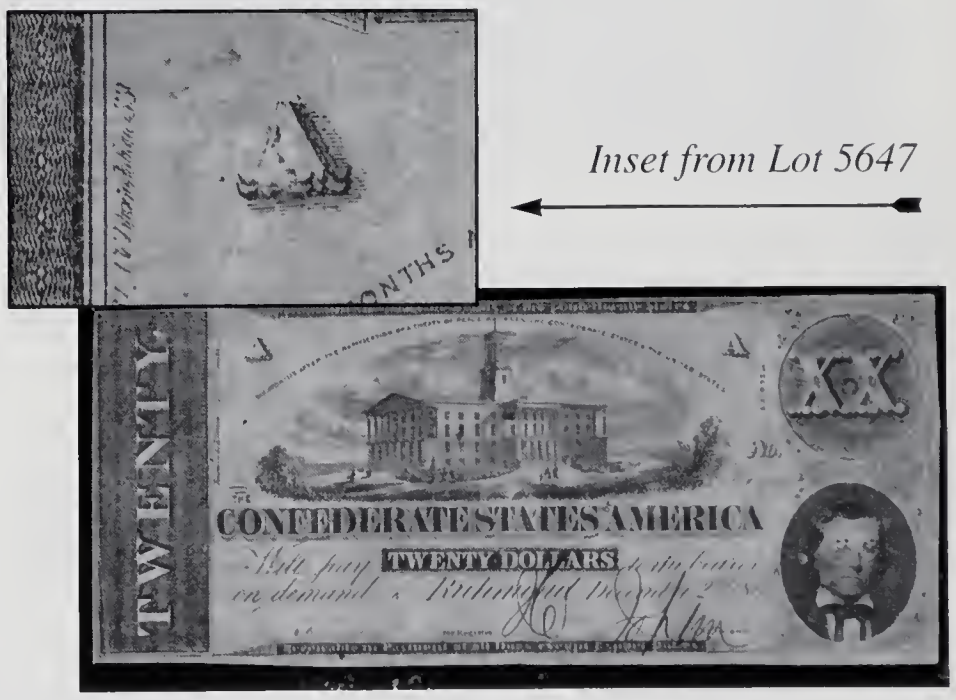
1) A. No.71517. **F-VF,** CC, hit several times with a bank hammer. 2) B. No.17440. **Fine,** somewhat aged. 3) E. No.4105. **Fine,** scattered ink stains all over the face. 4) F. No.80044. **VF,** CC, brown paper squares on the back to check the cuts. 5) G. No.10341. **VF,** CC, brown paper repairs on the back. These notes were prepared with the Paterson imprint, only Keatinge & Ball did all the printing. The Paterson imprint is confined to one plate.

5645 **$20.** T-51. Cr.364. B. No.94201? **VG, plus,** but several long stains down from the top. ***($150-300)***

This note with only the "J.T. Paterson & Co" surviving at the right bottom is **Extremely Rare,** less than 10 being extant. This rarity arose because when Keatinge's firm was printing these notes, the workman did not delete the entire bottom edge imprint. All the notes with Paterson have a shaded capitol face as on the Cr.365 notes.

5646 **$20.** T-51. Cr.368. C. No.35013. "B Duncan" at right bottom; there is a broken part of "A" in front of the left "C". **Fine,** CC, scattered mild aging, soiling on the back. ***($150-300)***

This note resembles the Cr.366 notes without a shaded face of the capitol tower. Perhaps it was intended that Paterson and Duncan would print this denomination and the two varieties were to distinguish their work.



Inset from Lot 5647

5647 **$20.** T-51. Cr.366A. A. No.37104. Doubled Keatinge & Ball imprint at left. **VG-Fine,** aged. Note the white areas in Stephen's face. ***($150-300)***

Very Rare.

5648 **$20 Type 51 Common Variety Grouping.** [14] ***($225-340)***

Cr.365 (4). Cr.366 (10). The notes grade VG to Fine, with **VG, plus** the median. One note is CC; another has a nibbled lower edge.

5649 **$10.** Type 52 White Paper Notes. [2] *($300-600)*

1) Cr.369. C. No.30736. **AU,** a light center fold. 2) Cr.377. B. No.105030. The paper is a pinkish shade. **AU,** a corner fold. Since the paper was supposed to be dyed pink, it would appear that the color came out of these or that they were never properly dyed in the first place. The fact that they were issued late and in two different varieties means we may safely discard any notion that they were part of a non pink paper early issue.

5650 **Various $10 Type 52 Imprint Rarities.** [3] *($225-450)*

1) Cr.378A. E. No.66388. Partially erased Evans and Cogswell imprint at lower left. **VF,** CC. 2) Cr.378B. F. No.51024. Full imprint. **EF,** CC. center fold. 3) Cr.378C. Part of Duncan name over large "3 SERIES" at left. E. No.58529. **Fine,** POC in the body, a trimmed bottom border at left.

Fakes Made for Confederate Collectors

5841 **$10.** T-52. Cr.377 note altered by erasure and printing to Cr.378. D. No.92955. **EF,** petty nibbling on the lower right corner. *($50-100)*

5842 **$5.** T-53. Cr.380, was Cr.381. D. No.59865. Names obliterated at the bottom "2nd Series" printed at the left, with a crude erasure. *($50-100)*

5843 **$10.** T-59. Cr.429.10, 429/11, altered to Cr.432 by printing "3rd Series" at left. B.E. Nos. 26942, 22424. **Fine,** CC; **Fine, plus.** [2] *($75-150)*
The fake variety has now been removed from the book, but these notes show how it was that they came to be listed.

5844 **$5.** T-60. Faked 462 notes altered from 450 notes. [5] *($125-250)*
This group purports to be Cr.462/1,3,6,8. B,D,D,F. Nos. 26247,13271, faded, 4-094. **VF, F-VF, VG, F-VF, Fine.** In fact, these notes were 450/1,3,6,8. "Evans & Cogswell 2nd Series" have been added at the left. The print is too light and there are signs of erasures at the left and along the bottom edge where the Paterson name has been erased. In addition, a Cr.454/5 note G. No.81425, has also had similar substitutions and erasures. Since none of the Cr.462 turn up with this watermark, the falsity of this note is also apparent.

5845 **$5.** T-60. Cr.450/1 with maroon date falsely altered to Cr.460/1. B. No.37381 **VG,** or so. *($30-60)*

5846 **December 15, 1885 Thian Collection Confederate Money Catalog.** *($150-250)*
This was a 528 lot sale, the first done as an independent contractor by David Prosky, the distinguished numismatist. There were many interesting Confederate lots and the Lincoln and Garfield mementos show that Thian's numismatic interests were not exclusively southern. Thian, of course, was the senior clerk in the Adjutant General's office who created books to hold confederate notes for collectors and who played a major role in promoting that hobby.
The catalog cover has separated from the rest of the text and there is a piece off the left top corner.

5847 **Pennsylvania Sixth Congressional District September 15, 1863 Commutation Money Certificate.** *($150-300)*
This was issued by David Newport, Receiver to Robert M. NcNeal Hookendogua, who got a draft notice and paid $300 in coin to escape service per the Act of March 3rd 1863. This provision made the war in the view of the poor a rich man's war and a poor man's fight. It provoked the Draft Riots in New York in July 1863 and caused general discontent. Famous people like Rockefeller, Carnegie, and James G. Blaine availed themselves of this provision to escape service. Even the Secretary of the Treasury, Salmon P. Chase, complained that while the $120 million of gold coin received by the Treasury was a welcome addition to its resources, the purpose of the draft act was not to raise revenue. He called for this part of the law's abolition.

First Payment to Soldiers' Families in Hoboken

5848 **Treasurer of the City of Hoboken.** New Jersey Relief Warrant. July 13, 1861. Blue on white paper. **No.1. $6.** fee. **AU,** CC. *($75-Up)*

Since many soldiers were only paid $11 a month for service in the army, their families were soon left destitute. To bolster soldier morale, local governments both North and South made payments to soldiers' families as a device for preventing desertion.

5849 **Similar to Above, but Issued July 10 to July 16 and Numbered 25 to 35.** These are also **AU,** CC. [3] *($75-150)*
Good Civil War mementos.

5850 **Vicksburg, MS. Daily Citizen.** Purportedly for the Day of July 2, 1863, during the siege of Vicksburg by General Grant. There are many interesting news items. When Vicksburg fell on July 4th, the federal forces captured the newspaper office and inserted the little paragraph in the lower right corner. The paper is printed on wall paper, the pattern of which has bled through to the face. Unfolded. *($125-250)*
We must note that the authenticity of such items has often been questioned and how many times and when such items, other than the few run off originally, were produced has elicited much controversy, strong opinions and little solid information. **Sold as is, no returns.**

The original Asylum Company was set up by Messers John Nicholson and Robert Morris. When their real estate empire collapsed in 1798, the property of this company, which had been set up to sell land to refugee Frenchmen, went into the pot. In 1801, William Cramond, one of the creditors bought up the entire Asylum Company assets, set up a new company and tried to liquidate the land. This proved very slow work and as late as 1855, Cramond's successors were still trying to get out of this glue pot.

U. S. ERROR CURRENCY

6296 **Trio of FRN Errors: $1. 1995. New York.** Full 100% face on back offset, fairly dark. EF or so; **$1. 1988A. New York.** Small vertical green ink smear on the back. Choice Uncirculated; **$10. 1988A. Cleveland.** The face engraving far off center to the left, the overprints and back normal. F-VF. [3] ***($40-60)***

6297 **$10. FRN. 1981A. New York.** The back has a 100% offset impression of the overprints, just one serial number away (as one would expect). The offset is extraordinarily dark, making this quite an impressive error. **Extremely Fine** or so, with no problems. ***($75-125)***

6298 **$10. FRN. 1990.** The overprints are missing from the face, and partially printed on the back. Unlike the majority of these, this one resulted from a folded sheet during printing rather than a sheet being fed upside down. The back shows part of one serial number and a sliver of the district seal, running vertically. **Choice Extremely Fine,** with just a couple of very light folds. ***($75-100)***

6299 **$20. FRN. 1985. St. Louis.** A 3/4" fold-out corner at the lower right has left a void on the face and part of the face on the back. **Choice Uncirculated.** ***($40-60)***

6300 **$20. FRN. 1985.** The overprints are quite low, and the top part of the note trimmed too short, the note now measuring just 56mm x 155mm. **Extremely Fine.** ***($50-75)***

6301 **$20. FRN. 1990. New York. Missing the overprints.** Judging from the depth of the impressions, we'd say several sheets went through the overprinting process at one time, the impressions of the district seal and numbers quite bold. **Gem Uncirculated.** *($150-250)*

6302 **$100. FRN. 1996. With a butterfly corner at the lower left. Choice Uncirculated.** *($150-200)*

6303 **Over-Inking on Federal Reserve Notes.** [5] *($150-200)*
1) **$1.** 1988. The right District numbers are too dark. **VF.** 2) **$5.** 1985. The front mottoes and other portions of the front design are too dark. **Fine-VF.** 3) **$10.** 1988A. The District Seal is too dark. **VF.** 4) **$50.** 1990. "UNITED STATES OF AMERICA" is so dark on the back that it bleeds through heavily to the front. **VF.** 5) **$50.** 1990. Similar to last, but less pronounced. **VF-EF.**

6304 **Green Ink Smears on Backs of FRN's.** [4] *($100-150)*
1) **$1.** 1988. 1/2" x 3" horizontal smear. **AU.** 2) **$5.** 1988. About 1" square or so smear, lower left. **Fine or so.** 3) **$10.** 1985. Small smear along left border. **EF.** 4) **$20.** 1988A. 3/4" smear, upper left. **EF.**

6305 **Partial Offsets on FRN's.** [5] *($100-125)*
1) **$1.** 1969D. 50% of the back lightly offset on the front. **VF.** 2) **$1.** Very light full offset of the back on the front. **Unc.** 3) **$1.** 1988A. About 5% of the back offset in a vertical strip on the front. **VF.** 4) **$5.** 1988A. Light full offset of the front on the back. Some penned writing, both sides, otherwise **Fine.** 5) **$10.** 1988A. A small vertical strip of the back is offset on the front. Pen line, otherwise **Fine.**

REGULAR ISSUE NOTES

6306 **3 Cents. Fr.1226. UNCUT SHEET OF 25. Extremely Fine.** More lightly folded than the last, but generally through the notes instead of the margins. This sheet has unusually generous margins, the trimming actually touching the design of only one note. A very attractive sheet. Face plate 51, back plate 12. *($700-900)*

Unusual Uncut Block of Dark Curtain Notes

6307 **3 Cents. Fr.1227. Dark Curtain. UNCUT BLOCK of 9 notes** (2 horiz. x 5 vert., missing the lower right note). Basically Very fine, but somewhat soiled, with a couple of small margin nicks. *($150-200)*
Uncut blocks and sheets of the Light Curtain notes are easily available, but the not the Dark Curtain. There are only three full sheets known (including one in the Smithsonian), and even the Milton Friedberg collection could muster only a block of four.

6308 **3 Cents. Fr.1227. Dark Curtain. Uncirculated.** A bit dark, with slight pressbed smudging. *($75-125)*

6309 **5 Cents. Fr.1239. Choice Uncirculated.** Tight, but not into the design, at the bottom and left; **10 Cents. Fr.1243.** Very Fine, with a small split at the lower left; **10 Cents. Fr.1255. Choice Uncirculated.** [3] *($75-100)*

6310 **10 Cents. Fr.1246. S-18-63; 25 Cents. Fr.1295.** Both **Choice Uncirculated,** close to gem. [2] *($125-175)*

6311 **10 Cents. Fr.1246. S-18-63; 25 Cents. Fr.1395. Choice Uncirculated,** both close to gem. [2] *($75-125)*

6312 **10 Cents. Fr.1253. Autographed signatures of Colby & Spinner. Choice About Uncirculated,** with just the slightest trace of handling. Good margins. *($30-40)*

6313 **10 Cents. Fr.1254. Autographed signatures of Jeffries & Spinner.** About Uncirculated, trimmed in at the bottom and right; **Fr.1264. Green Seal.** Uncirculated, but very tightly trimmed at the left. [2] *($75-100)*

6314 **10 Cents. Fr.1255.** Green back. **Gem Uncirculated.** A virtually perfect note. *($50-75)*

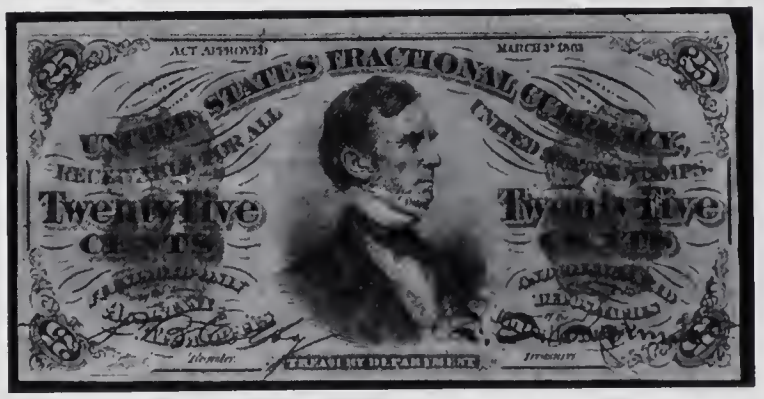
6315 **10 Cents. Fr.1266. Choice Uncirculated.** Seven pieces, each with one margin trimmed tight but not into the margin. A bright attractive group, with no pinholes or other problems. [7] *($75-100)*

6316 **15 Cents. Fr.1267. Choice Uncirculated.** A bit close at the right, but otherwise Gem. *($75-125)*

6317 **15 Cents. Fr.1267. EF-AU,** but a bit toned, and trimmed slightly in at the top. *($40-60)*

6318 **25 Cents. Fr.1279, 1281.** The first is Uncirculated, with full perforations, but perforated into the design at the top and right, with a small (2mm) burn hole; the second is About Uncirculated, trimmed slightly in at the right. [2] *($50-75)*

Popular and Scarce Solid Surcharge 25 Cent



6319 **25 Cents. Fr.1299. Solid surcharges. Choice EF,** tiny sliver of the upper right corner off, not touching the design. Good original embossing and margins that are tight but clear of the design. *($600-800)*

6320 **25 Cents. Fr.1302.** No watermark. **Choice Uncirculated,** gem if not centered a bit low. Far scarcer than the watermarked variety, though the current references don't reflect the fact. *($100-150)*

6321 **50 Cents. Fr.1318.** 1-18-63. **Choice Uncirculated.** Bright and crisp, the back trimmed just slightly in at the top. A difficult type to find in high grade. *($100-150)*

6322 **50 Cents. Spinner. Fr.1326. Choice About Uncirculated.** Probably never actually circulated, just has a few corner and edge bumps, good margins. *($100-125)*

6323 **50 Cents. Spinner. Fr.1334. Choice Uncirculated.** Gem on the face, the back off center and just touching the edge at the left; **Fr.1328-SP.** Wide margin face. EF, with light stains and ink erosion holes in the signatures. [2] *($150-225)*

6324 **50 Cents. Justice. Fr.1347. Choice About Uncirculated.** Uncirculated but for a couple of corner folds. Nice on the face, but the red back somewhat faded. *($125-175)*

6325 **50 Cents. Justice. Fr.1347. About Uncirculated.** The margins tight at the sides, but clear of the engraving. An attractive note. *($125-175)*

6326 **50 Cents. Justice. Fr.1358. Uncirculated.** Trimmed slightly in at the top, with a small light brown spot at the bottom. *($150-200)*

6327 **50 Cents. Justice. Fr.1362. EF-AU.** An attractive note, with decent margins and color, and just a couple of faint vertical folds. *($50-75)*

6328 **50 Cents. Lincoln. Fr.1374. Uncirculated.** Tight at the right, with a couple of soft corners, but very attractive otherwise. Charles Burt's engraving of Lincoln is one of the finest to be found on U.S. Currency. *($125-150)*

6329 **50 Cents. Lincoln. Fr.1374.** A small group of 5 pieces, VG to VF, mostly the former. A couple have short splits and a couple are trimmed into the design, one on all four sides. Nevertheless a scarce and very popular type. [5] *($150-200)*

6330 **50 Cents. Dexter. Fr.1379. Gem Uncirculated; 50 Cents. Fr.1381. Choice Uncirculated,** gem but for a 2mm black spot in the back margin. [2] *($125-150)*

6331 **50 Cents. Fr.1379, 1381. Choice Uncirculated,** each gem but for the margins. [2] *($75-100)*

Dear Mrs. Dayton:

I have your good letter of June eighth and thank you for writing me. The pictures you sent of Santa Elena Canyon are most fascinating.

I certainly did not think that Mariecal was rough and dangeroue. It was very delightfully scenic and had enough water in it so that we had no probleme.

A friend of mine had a raft get swamped in Santa Elena and he was sucked to the bottom in great whirpoole and carried 200 feet dovnstream before he emerged. If he had not been young and strong he would have been dead.

I am glad you had a trip through the Glen Canyon section of the Colorado before it was put forever under muddy waters.

Youre faithfully,

W O Douglas

Dear John,

Greetings from Germany. We are having a wonderful trip. Came over on the new Zeppelin "Hindenburg" It took about three days. The American Rocket Society is engaged in extensive research in Motor-driven Rocket for mail transportation. Their goal is a rocket that will shoot through the Stratosphere. A motor small enough to hold in your hand, fueled with Liquid Oxygen, capable of generating 4000 horsepower, would propel a rocket full of mail from New York to Paris in 20 minutes. Don't laugh... just turn it away in your memory.

With love
Mother and Dad

Condition Terminology For Currency

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.
Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
Abt (before a grade) - A shade below the grade it precedes.
Plus or + (following a grade) - A shade better than the grade.
VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.
VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

Terminology for Stocks & Bonds

Unlike coins and paper money, the grading of stocks and bonds has not developed to the point where everyone agrees on or uses similar standards. The very nature of stocks and bonds defies a grading system based, for example, on wear, or folds.

Instead of trying to develop a strict grading system, we have used terminology designed to convey a strictly subjective impression of the items we endeavor to describe.

Fair - A certificate with extreme handling, fold splitting, stains, small pieces or tears.
Fine - Slightly below average. Folds may be heavy with splits slightly into the design elements, but with no pieces missing. More severe flaws will be mentioned.
Very Fine (VF) - The average grade of most of the stocks and bonds we encounter. A **Very Fine** share certificate will have several light to moderate folds, and the paper will show obvious wear or softness. Bonds that were originally folded by the printer may have several additional folds. There may be minor edge roughness, but any splits that extend into the designs will be described. Very light soiling is typical, but heavier stains or foxing will be mentioned.
Very Fine+ (VF+) - Obviously used or worn, but brighter or cleaner than the average example.
Extremely Fine (EF) - A well above average example. Stocks may show a few light to moderate folds. Bonds that were originally folded may have a few light to moderate extra folds. The paper will retain most of the original crispness and brightness. The margins will be free from noticeable edge splits, stains or other problems.
